Warm regards,

## OUR CORE VALUES

- ✓ RELIABILITY
- ✓ DIVERSITY
- ✓ CUSTOMER-CENTRIC APPROACH
- ✓ QUALITY ASSURANCE

Syed Areeb Ali  
Managing Partner

**SKYRADS** Group is a merchant exporter of premium, organic and conventional Indian spices, supplying to the international buyers with reliable quality, competitive pricing and full export support for global trade. This catalogue information page presents **SKYRADS** as a one-stop partner for bulk spice sourcing, private label packing and long-term supply programs from India to the world.

**SKYRADS** Group is an India-based export-import house established in 2022, focused on delivering carefully sourced “Made in India” products, including high-quality spices, to customers worldwide. Operating from Aligarh, Uttar Pradesh, and the company combines on-ground sourcing with efficient global communication and service.

## OUR MISSION

As a merchant exporter, **SKYRADS** builds a trusted bridge between Indian spice producers, processors and overseas buyers, consolidating orders, managing quality, and handling complete export formalities. The company’s mission is to provide 100% customer satisfaction through consistent quality, transparent dealings and timely shipments.

Globally, spice imports reached roughly 4.2 million tones in 2024, with import values around USD 4.5 billion and steady annual growth driven by food processing and retail demand. Organic, residue-controlled and traceable spices are the fastest-growing segment, as buyers seek clean-label, certified products and reliable long-term supply partners.

## **PRODUCT RANGE AND SPECIFICATIONS**

**SKYRADS** focuses on high-quality Indian spices, both organic and conventional, tailored for bulk industrial users, retail and brand owners. The portfolio can include whole, powdered and value-added forms of major Indian spices such as chili, turmeric, coriander, cumin, pepper, cardamom and blended condiments, depending on buyer requirements.

Each product line is offered with clear specifications such as purity, grain size or mesh size, moisture, colour, volatile oil content (where applicable), and permitted pesticide or residue limits. Buyers can choose from export-grade material for grinding, oil extraction or direct packing, with options for organic certification, steam-sterilization support and customized blends on request.

## **QUALITY ASSURANCE AND CERTIFICATIONS**

Quality is positioned as **SKYRADS'** core promise, with a strong focus on meeting international food safety and documentation requirements. The company coordinates recognized laboratory testing and certifications (if needed), such as phytosanitary certificates, fumigation reports, microbiological testing, and pesticide residue analysis for destination-country compliance.

**SKYRADS** works with approved processing and packing units that follow good manufacturing practices and modern handling standards, ensuring clean, contamination-free and export-ready consignments. Traceability from sourcing to shipment, along with lot-wise documentation, supports buyers who need consistent quality and regulatory assurance for retail or industrial use.

## ***PACKING, LABELING AND CUSTOMIZATION***

For bulk buyers, spices can be supplied in food-grade HDPE bags, paper bags, or jumbo bags, typically in 25 kg or 50 kg packs (as per the requirements), or as per the importing buyer's standard. Moisture-barrier inner liners and palletization can be arranged to protect cargo during long-distance sea freight and multi-climate transit. Private-label and semi-finished packing support is available for customers who wish to receive spices in consumer-ready packs or in pre-measured bulk for further filling. Labelling can be customized to reflect importing-country regulations, including ingredient details, country of origin, batch numbers, production/expiry dates and storage instructions.

## ***SERVICE ADVANTAGES FOR BUYERS***

Working with a merchant exporter like **SKYRADS** allows buyers to consolidate multiple spice items from India through a single, accountable partner. Buyers benefit from product sourcing flexibility, competitive pricing, combined shipments, and unified quality control across different items.

- **SKYRADS** emphasizes responsive communication, clear documentation, and after-sales support, aiming to build long-term relationships rather than one-time transactions.
- Dedicated export support for testing, certifications, and customized packing helps international buyers reduce procurement risk and streamline their supply chain.

## ***CONTACT FOR ENQUIRIES***

International buyers, distributors, food manufacturers and brand owners can share detailed requirements, including target specifications, destination port and annual volume plans, to receive tailored offers from **Skyrads**. Enquiries can be directed to the company's registered office in Aligarh (Uttar Pradesh), India, via phone (+918755206813) or email ([info@skyradsgroup.com](mailto:info@skyradsgroup.com)) as listed on the official website contact page ([www.skyradsgroup.com](http://www.skyradsgroup.com)), enabling quick coordination of samples, quotations and technical details.

- Free samples can be provided on request, subject to the Freight charges only.
